

MEMORANDUM MNR EVENTS.

Aug 3/04 9 AM Hagersville Quarry

MNR Gary Caron at Hagersville Quarry, and another discussion about conditions and specific "Be" operating conditions. I advised Mr Caron that we would be operating under the legitimate license FOI confirmed and signed by the Minister, and that no corrupt court in this land would require that we comply with the extortion and fraud license hand delivered by

Paul Cutmore Apr 1, 2003. Mr Caron declined to discuss that. Mr Caron advised that most likely there would be further charges and a possible restraining order issued. I advised Mr Caron that MNR had better get to it, as we would not be stopping from operating this time, and would discuss it in court. Mr Caron left, and I was later advised that he attended at Nichol's pit 2 at Scotland Ontario, where he had followed our truck from Hagersville, he requested the drivers name and drivers license and advised our driver that he could be charged as an accessory. He attempted to question other employees at this property. End. B.I.R.

Aug 4/04. APPROX 9:30 AM MNR Gary Caron stopped Nichol's truck at entrance and had another discussion with Gary Nichol. B.I.R.
